PRODUCT SPECIFICATION

Model: USI160

Electrical Safety: GB4706.1-2005, GB4706.15-2008

EMC: IEC 61000-6-3/4

Relative Humidity: 20% – 80%RH (Non-Condensing)

Power Frequency: 50 – 60Hz

Operation Mode: 3 Handles Work Independently

Unit Size: 37.5×26×20CM

Package: Main Unit, 3 Handles, Power Cord,
Handle Stand

Product Benefits:

Enhance facial contours, improve overall facial sagging, define facial outlines, restore skin elasticity, sculpt facial fat, delay female skin aging, and refine skin texture for a smoother, more radiant complexion.

Target Users:

Individuals with double chin, undefined jawline, nasolabial folds, facial wrinkles, drooping eye corners, sagging apple cheeks, dull and uneven skin tone, or enlarged pores.
